Earth Day

Did you know that our planet has a special day? Every year on the 22nd of April, we celebrate Earth Day. On this day, we remind ourselves and others how precious the Earth is and how important it is to look after it.

Earth Day was the idea of the American Senator Gaylord Nelson who didn't want to see our planet suffer. Rivers and seas were getting dirty, many of our plants and animals were becoming extinct. Therefore, he decided to respond and create a special day to take care of Earth. He started by writing letters to schools, to inform students and teachers about his campaign. He hoped that young people around the country would react positively. Fortunately, they did!

As a result, in 1970, twenty million people across America celebrated the first Earth Day. People all over the country made promises to look after the environment. Since then, Earth Day has been celebrated all over the planet.

Today, on Earth Day people organise events such as concerts, tree-planting excursions and clean-up campaigns to collect money. Children also help design and make objects at school. Now all of us promise to try to turn everyday into Earth Day!
